

JPopupMenu

```
classDiagram
    class JPopupMenu
    class swingMyPopup["swing.MyPopup"]
    swingMyPopup --|> JPopupMenu
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'swing.MyPopup'. A blue arrow points vertically upwards from this box to a white box labeled 'JPopupMenu' at the top. The arrow indicates that 'swing.MyPopup' inherits from 'JPopupMenu'.
